West's Top Advertising Men To Meet in Village This Week

Hundreds of the West's top advertising men and their wives are scheduled to converge on Palm Springs tomorrow for the seventh annual conference of the Western States Advertising Agencies Association.

Advertising agency men, together with representatives of media and graphic arts, will meet at the Oasis and Desert Inn hotels for conference programs running from Thursday through Saturday.

KEYNOTE SPEAKER for the conference is Roger Barton, project and public relations director for Alred Politz Research, Inc., of New York.

Barton, whose sociological surveys are syndicated in 125 major American newspapers, plans to discuss "The Advertising Business in 1962." In a second conference talk, Barton will tell what is expected of the advertising business in 1962.

THE OFFICIAL conference program opens at noon Thursday with a luncheon at the Oasis Hotel, followed by a welcome address from WSAAA President Jim Christopher, preceding Barton's first talk.

Open sessions and lectures fill the rest of the day's program. Speakers include advertising and

Driver Escapes Death by Inches

A Los Angeles motorist was on his way home today after missing death by inches when his convertible crashed and rolled on Highway 99 at Garnet Monday.

Highway patrolmen found Simon U. Martinez, 33, lying unconscious on the pavement next to his overturned car. Only a few inches closer and he would have been crushed to death, officers said.

Martinez was released from Desert Hospital for his minor injuries.

Bonanza Air Reports On Service to Village

A Bonanza Airlines executive yesterday reported that his company is "only six steps away" from a permanent, year-round schedule providing twice daily air service for Palm Springs.

William Mitchell, Bonanza vice president in charge of sales and traffic, told Kiwanis Club members that Bonanza is approaching the final stages in its application for air service here with the Civil Aeronautics Board.

BONANZA HAS already won a CAB examiner's recommendation for adoption of its proposed schedule.

Mitchell noted that 16 steps must be taken by an air line seeking new service for a community. In some cases, he said, an airline

employment executives from Los Angeles and New York City.

FRIDAY'S PROGRAM gets under way with a closed session at 9 a.m. at the Desert Inn, and continues through 6 p.m., when The Desert Sun hosts a cocktail party, followed by dinner at the Oasis Hotel.

The Friday dinner speaker is Dr. Elwood Thrippe, chairman of the London Institute of Advertising Relations.

Thursday night entertainment includes a "come as you are" steak fry and cocktail party at 6 p.m. at the old rodeo grounds, hosted by Radio Stations KPAL and KRHM-FM, of Hollywood.

Saturday's session opens with brunch at 10 a.m., followed by Barton's concluding address at 10:40 a.m.

Georgia Chief Justice Denies Drunk Charge

ATLANTA, Ga. — Chief Justice W. H. Duckworth of the Georgia Supreme Court was arrested in downtown Atlanta shortly before midnight Tuesday on charges of intoxication on the streets.

After being booked at city jail, he was released in custody of Police Chief Herbert Jenkins who said he would stand up for the state's top jurist at a scheduled trial today.

Duckworth told United Press he was released by telephone: "I was not drunk and any statement that I was drunk is a willful and deliberate lie."

He said he attended the annual banquet of the Atlanta Athletic Club and was headed for home when he was arrested.

Arresting officers said Duckworth's car collided with two parked cars.

"will wait as long as 10 years" before it wins its service ticket. However, Mitchell, who feels that Bonanza can provide the resort with its best national air service link, reported that a final decision is only a short time away.

"WE ARE INTERESTED in serving Palm Springs the year around," Mitchell said, noting that some other companies are seeking to provide only one-stop, seasonal service. "If people here are only interested in winter seasonal service, then Bonanza is not interested."

Mitchell believes that "there is a ready summer market" for resort visitors and Bonanza is definitely optimistic about the possibilities of heavy summer air traffic here.

Black Dahlia Murder Case Is Reopened

Butcher Admits Killing, Then Changes Story

LOS ANGELES — An unemployed butcher was jailed on suspicion of murder today after boasting in a cocktail bar of the mutilation murder 10 years ago of Elizabeth Short — "The Black Dahlia."

Edward Aubele, 41, was arrested Monday night after he told a bragging story of killing and horribly mutilating the 22-year-old raven-haired woman whose body was found in a vacant lot Jan. 15, 1947.

POLICE SAID THE butcher admitted the slaying as he was being taken to Central Division from the outlying city of Huntington Park.

The suspect reportedly told officers he had cut up the girl with a butcher knife.

"She was rotten to the core and hurt everything she touched," Aubele told officers.

LT. E. L. NEWTON said Aubele denied knowledge of the crime under later questioning but his knowledge of the girl and the circumstance of the slaying were sufficient to hold him for questioning.

The jet-haired, white-skinned beauty, whose fondness for sheer black clothing earned her the nickname "Black Dahlia," originally came to Hollywood from Medford, Mass.

WHEN FOUND, her naked body was cut in half at the waist and both parts were arranged on the ground so that the bisecting was not immediately visible. Police said mutilated portions were clean and "appeared to be washed."

Reports on the murder take up a special filing niche in the Police Department's homicide office. Some 30 files with 200 pages to the folder trace the case from its "Jane Doe" beginning to the latest information. At one time 250 officers worked on the crime.

Aubele is listed as the 38th "confessor" to the crime. Some of the confessions are attributed by psychiatrists to "exhibition" tendencies.

Dulles to Fly To Germany

WASHINGTON — Secretary of State John Foster Dulles will fly to Germany next week for important Allied talks on Moscow's recent atomic threats and Britain's proposed defense cuts, it was learned today.

Administration officials said Dulles plans to leave Washington on Tuesday for Bonn, Germany, where the North Atlantic Treaty Organization NATO, Council holds its spring meeting May 2, 3, 4.

He said that "by Salem" she meant a state hospital in Salem for narcotics addicts and insane persons.

Rackets Committee Hears of 'Lies'

Two Women Say They Signed False Affidavits

WASHINGTON — Two women narcotics addicts testified today they signed false affidavits against a Senate Rackets Committee star witness because a Portland deputy sheriff threatened to jail them or send them to a mental hospital.

They told the committee that after signing the statements, the deputy, George Minnelly, gave them money and urged them to hide from a Portland Grand Jury and to keep clear of the Rackets Committee.

MINNELLY CALLED their testimony "the greatest hoax ever pushed on the American people."

Mrs. Kathleen Lucille Cooper Weeks, a self-described prostitute and narcotics addict, said the statements in the affidavit she made against Portland racketeer King James B. Elkins were "false."

Elkins was the star witness for the committee in its expose of racket and vice operations in Portland a month ago.

MRS. MARY CHILDRESS, who said she is "not a prostitute" although she was arrested in 1933 as one, said the statements she made against Elkins also were false. She supported Mrs. Weeks' statement that Minnelly had threatened them.

Mrs. Childress said she is "not acquainted" with Elkins and cannot testify on the truth or falsity of the statements made against him.

Mrs. Weeks was the first of the two women to testify that she signed a false affidavit.

HER AFFIDAVIT was offered to the committee last month by Mayor Terry D. Schunk of Portland. It accused Elkins of taking profits from prostitution, using narcotics, and "doctoring" tape recordings which Elkins used as evidence against Teamsters Union officials and Schunk.

Elkins had accused the teamsters leaders of running various types of vice and gambling in Portland with Schunk's consent and cooperation.

MRS. WEEKS said Multnomah County Deputy Sheriff George Minnelly led her and another prostitute, Mary Childress, to make the false statements about Elkins. "They made it plain I'd be in Salem, Oregon, for six months, be held for interrogation, and possibly go to prison for something I didn't do," Mrs. Weeks testified.

She said that "by Salem" she meant a state hospital in Salem for narcotics addicts and insane persons.

A 72-YEAR-OLD Whitewater man, William MacDougall, escaped injury when he apparently went to sleep while driving his car north on Palm Canyon Drive yesterday afternoon, and sheared a telephone pole off at the ground. The crossarms on the pole broke, twisting the wires together. Sgt. Robert Young, directing traffic in above

photo, reported that it was estimated that MacDougall left the highway 48 feet before hitting the pole, struck it with the left front of the car, and then traveled another 183 feet before bringing the car to a stop. The only damage suffered by the car was a smashed front grill. (Sun Photo).

Echo of Easter Week Heard Tuesday Night

Juvenile disturbances flared up again last night and kept local police busy for a few hours.

In the vicinity of San Jacinto Way, a juvenile disturbance brought three protests within eight minutes, of 30 to 40 cars blocking the street, excessive noise, and of questionable conduct by the juveniles staying in a residence in that block.

MOST OF THE vacationing teenagers are from Orange County where Easter vacation will last until tomorrow morning, and although there was a noticeable slump in juvenile activities Monday, last night was equal to any one night during this year's Easter Week.

Abe Anderson of Caliente Cottages reported to police that a group of juvenile boys were shooting guns in the vicinity of Marty's Richfield Station, but officers on arrival could not locate the violators.

Sgt. Robert Ralph handled a call to a local hotel last night, where there was a report of juvenile disturbance, to find about 24 juveniles in two bedrooms of the hotel. "I don't know how they all slept in the rooms, because all I could see were about eight beds," said the sergeant.

The juveniles and their chaperones were told to return to their homes. They had reservations to stay here until Friday.

Joseph Welmas, Active in Tribal Affairs, Succumbs

Joseph Welmas, 51, superintendent of maintenance for the Agua Caliente Band of Mission Indians, died yesterday morning at Desert Hospital after an illness of one month.

Born on the Pala Reservation, Welmas came to Palm Springs 36 years ago and was a member of the Indian police force. After a few years he became foreman of maintenance of all Indian Lands, and was one of the most well informed persons on Indian affairs in the community. He knew every allotment boundary and frequently aided survey crews at their work.

HE WAS A graduate of the Sherman Indian Institute in Riverside.

His main job was to oversee a crew of men who built and repaired roads on the reservation, kept the area in the canyons clean, replaced fences, cared for lawns, trees, shrubs, irrigation lines and public facilities operated by the tribe.

He was at one time married to Lorene McGlamary (chief of the tribal council in 1952), and he had two sons and a daughter.

HIS DAUGHTER, Gloria Welmas Gillette, today is vice chairman of the Agua Caliente Tribal Council. His sons are Leon J. Welmas and Raymond N. Welmas, both of Palm Springs.

He is also survived by two

Gary Officials Seek Source of Stomach Cramps

GARY, Ind. — A medical official said today "some sort of acute poisoning" apparently is responsible for an outbreak of mysterious stomach cramps which have killed two children and hospitalized seven others.

Dr. Samuel J. Brady, Gary Health Board secretary, said steel city residents have become jittery as a result of the outbreak, and "I suppose everybody in Gary has been suffering abdominal cramps."

The stomach attacks began during the weekend when Joan Smith, 3, and her brother, Dwight, 18 months, died of the ailment at Gary Methodist Hospital. The cause of their deaths has not yet been determined.

Traffic Items To Be Considered

Two traffic matters will be up for council approval tonight at the regular meeting in the council chambers.

They are: a request for a passenger loading zone in front of Solomon's restaurant and a no parking zone on all of Arteria, a new street in the Alexander Tract south of East Palm Canyon Drive.

Threatens To Impose Martial Law

Stone-Throwing Mobs Surge Through Cities

By UNITED PRESS

King Hussein of Jordan today blamed international Communism for the Jordanian crisis, and warned that if necessary he will take "all measures" including martial law—possibly within the next 24 hours—to save his country.

The young pro-Western King spoke after the crisis had erupted into nationwide riots with tanks and troops standing by to control the mobs.

STATING THAT the crisis had been caused "quite clearly" by international Communism and its supporters inside and outside Jordan, King Hussein added that he did not want to take any form of action if he could help it, but "this campaign has been forced on us and we are going to fight for what we believe in."

The stone-throwing mobs surged through Amman and other principal Jordanian cities to enforce demands for the resignation of pro-Western Premier Hussein Ed Khaldid's government.

Khaldid, however, was standing firm. After a 90-minute conference with King Hussein, he announced: "I have not resigned."

AS FOR RULE and civil war threatened Jordan, another Middle East crisis apparently had run its course through the channels of diplomacy.

Cairo published its long awaited terms for operation of the Suez Canal.

Egypt, the document said, will run the canal on its own terms, including collection of tolls.

The most important concession Egypt made was that disputes over operations and tolls could be taken to arbitration.

IN BOTH EGYPT and Jordan, the United States figured prominently.

U.S. Ambassador to Egypt Raymond Hare represented canal users in the weeks of patient negotiations with the government of President Gamal Abdel Nasser.

In Jordan, the issue was between young, pro-Western King Hussein and the pro-Egyptian, pro-leftist forces which had taken opposition to the Eisenhower doctrine as their chief issue.

Today's mobs shouted equally against the doctrine and the Khaldid government.

By mid-day the situation was reported under the control of Bedouin troops and police loyal to Hussein. But a further ominous note was added in reports that the demonstrators were told to come out again Thursday if their demands were not met.

Ike Schedules Round of Golf

AUGUSTA, Ga. — President Eisenhower probably will get in his usual round of golf today in an interim between two important conferences of his current vacation.

Late News Bulletins

WASHINGTON UP — Chairman John L. McClellan of the Senate Rackets Committee today forecast Congress may enact legislation this year to curb labor racketeering.

SAN FRANCISCO UP — Harry McClintock, radio star of the 20s and composer of "The Big Rock Candy Mountain," died at Kaiser Hospital at the age of 74.

NEW YORK UP — Lukens Steel swung through an arc of more than 12 points today to enliven an already active, higher stock market.

Air Conditioning Bids for Indio Office Received

Three bids were received by the county board of supervisors this week on the installation of an air conditioning system in the county offices building on the fairgrounds in Indio, in time for acceptance, and a fourth bid came in two minutes after the time for receiving bids, 11 a. m.

Lowest of the three bids was that of the M & M Heating Co. of Banning in the amount of \$7,457. Next lowest was that of Cliff Gentry Sheet Metal and Refrigeration of Indio, \$7,617. The third bid by Morris Heating and Air Conditioning jumped to \$18,529.

THE BID WHICH arrived too late for consideration was delivered by J. M. Cornell Co. Inc. of Palm Springs, the amount \$11,830.

The bids were referred to the county administrative officer and county counsel for study.

ADMINISTRATIVE OFFICER Clay Beale said afterward that none of the bidders submitted plans showing how they propose to make the installation and he said it will take considerable time to determine which is the best bid.

Supervisor George Berkey expressed disappointment that a decision could not be reached immediately. He said that warm weather is fast approaching the desert and it will take some time to put the system into operation. There is now \$10,063 in the budget for the installation.

Benny Goodman began his musical career at the age of 14 with a job as clarinet player in a band on a Chicago excursion boat.

Pine Cove Road Improvement To Be Studied

A petition bearing the signatures of 14 Pine Cove residents asking the County Supervisors to accept into the county road system Nestwa Trail from the end of its present paving to the intersection with Marion Ridge Road, was referred to the planning commission this week at the suggestion of Road Commissioner A. C. Keith.

Keith said the road serves approximately 39 homes in the mountain resort area, is approximately four miles long and traverses very rough terrain.

He said the extension would require the removal of 94 trees. He estimated the cost at \$8,000, of which the property owners share on a cooperative basis would be \$4,175. He added that because the estimate is not based on a survey there may be considerable margin of error due to the rough terrain.

Suess, speaking to the Coachella Valley Advisory Planning Commission at its meeting in The Springs restaurant, said the meeting was requested by C. V. Kane, state highway engineer from San Bernardino.

Time Extension Asked in Move

City council was notified today that the Rovin Lumber Company has requested an additional 30 days to remove the buildings on the old city hall site.

The company, which has had some trouble in getting rid of the buildings which are to be removed, requested the extension at the same time they put up a bond for \$3,000 promising removal of the buildings.

The council did not indicate its approval of the time extension at its luncheon meeting.

It will be up before the body tonight for official action.

80 Million to Move in 3 Years, Van Lines President Predicts

THE NEW FEDERALLY-subsidized highway program, now under construction, is going to bring new industrial sites into profitable use in every part of the country, he said, and families will follow industry to these new locations.

The meeting in Palm Springs today is being held by the management team of James D. Edgett, president, Sneljens, and Russell C. Minear, vice president of operations, who are outlining North American's 1957 service and sales programs to meet growing moving demands of the American population to the firm's 1,100 agents throughout the country.

HOLMES ALEXANDER:

Blessed Are the Meek

AUTOBORNE IN MOROCCO—The meek, they say, shall inherit the earth. It's my opinion that the American GI, if not inhibited by statesmen and planners, might bring this prophecy to pass.

The American citizen-soldier landed here in Africa in 1942, and in another three years he had also come ashore in Europe and Asia. He was the all-conqueror and, for that matter, the beau ideal of battle—savage in attack and magnanimous in victory.

BUT THE MEN he left behind him, the international meddlers and social planners, soon squandered not only the victories but the friendship and downright devotion which these dogfaced hard won by their generosity toward the beaten foe and his womenfolk.

When you travel in places where the battles were once fought, you see what's been happening since. It is another kind of encounter between the American conscript and the peoples of distant continents. Few things are harder, according to the histories, than for an army of occupation to keep its decency and respectability.

EVEN IN OUR own superior nation, the post-bellum troops and carpetbaggers in the South earned a hatred that passed into legend. It's all the more astonishing and admirable, then, to find our young soldier still on guard around the world more than a decade after World War II and more respected, better received, and better behaved as time goes by.

The only trouble is that, in peace as in war, the victory he's won by his own warm heart and good manners, is being chiefted away by the dolts and buffoons

who manage the public affairs back home.

EVERYWHERE YOU go you hear that Americans are "hated," that they have lost all prestige and respect with the natives. But if you follow this line of talk back to bedrock, you invariably find that the Americans—called "they"—are the vague and mostly invisible persons who form policy and make decisions. What gets us laughed at and despised for weakness and stupidity is the policy of lavishing gifts on King Saud and entreating him to permit us to protect him with our air bases.

What makes us seem everybody's enemy is our wearisome anxiety to be everybody's friend. What makes us be regarded as a fool-and-his-money is the ease with which these Afro-European confidence men in local office can swindle us out of fabulous funds.

WHAT MAKES OUR morality suspect is that we condone evil when it helps our international politics and condemn evil only in the opposite case. People in these parts are not unaccustomed to governments behaving in this way, but the difference is that we call attention to it with sounds made by a Pharisee: "Thank God, we are not like other nations!"

The contrast is a real knockout. Americans—as "they"—are thoroughly disliked, but Americans as the boys on the base are loved like kid brothers. The GI is a free spender and a free lover, but he doesn't compare with his government as a wastrel and a seducer. He makes friends in all age groups and walks of life. He not only likes the girls; he likes children and animals. There isn't a community where he has

not given money out of his own pocket to local charities, and in many places he even joins the church and social activities.

YOU MAY SAY with truth that the GI is lonely and that in most countries—certainly in Germany and France, Japan and Korea—the natives are attractive and hospitable. But this doesn't go for Morocco. The population is very mixed and it's possible to find individuals of nearly any race.

But the ten million Moroccans here, it seems to me, are the most repellent and unappealing peoples that American troops have ever had to live with in any great number. The Moor is typically unclean in appearance, both mendicant and mendacious in approach, and unreliable in his commitments and responsibilities.

THERE ARE numerous cases of Moroccan workers who have assaulted their GI-foremen in labor disputes, but the American is strictly forbidden to strike back. The Moslem population is more than 85 per cent illiterate and appears to have no sense of self-betterment. Grass huts, reminiscent of the Abe Lincoln log cabin, stand amid fertile acres; but nobody is ambitious enough to split a rail, much less a law book.

And yet, amid these unprepossessing people, the American soldier goes on being the good-natured, ever-loving, friend-making conqueror and keeper-of-the-peace. He is about as unlike the swaggering, bullying, brawling "soldier" of history as it is possible to imagine. And he could conceivably remake the world in something like his own image—if only his masters back home didn't manage to spoil every victory he wins.

BUT, BACK to the subject under discussion—siestas. For ten years now, maybe more, I have been advocating adoption for Palm Springs of a delightful practice of the tropical countries—everybody close up shop in the heat of the afternoon and take to the bed for two or three hours of slumber.

Remember, it is nice to be caught napping.

THEN IN THE COOL of the evening, resume activity all refreshed and raring to go.

One or two groups agreed and the plan was hesitatingly presented but nothing ever came of it.

I had practically forgotten it myself until the other day a pleasant woman stopped me on the Drive and said:

"Don't you think the time is nearing for you to renew your campaign for an official siesta hour or two here? Perhaps, I am suffering from spring fever but a siesta would be pretty nice right now."

IT DOESN'T TAKE much to encourage me so here I go again. Come the middle of June, the middle of the day is likely to be on the warmish side. And also in July and August and up to the middle of September.

Wouldn't it be nice if we had a siesta hour those months? And do business during the more balmy evening hours?

Some merchants adopted the idea on their own and post signs on closed shops—"Siesta Hour, be back at 4 p.m."

LEO BAKER once fell for it and took to the siesta until someone snapped a picture of him, snoring in a chair at the rear of his Cantina.

(That is, he looked as if he was snoring. I can't prove it because it wasn't a sound picture.)

Exposed to ruthless publicity, he abandoned the plan.

So you have another pitch for an official siesta time here. That is what comes from talking to strange women on the street.

COMES A LETTER from Las Vegas signed by Roland B. Valle, managing director of the Chamber of Commerce of the Nevada metropolis.

After admitting there was a lot to what I wrote about the need of adequate transportation facilities for resort cities, (and he should, too, because I was only quoting him), he had to add a little stinger:

"I read in a paper called The Desert Sun a very bad poem attempting to rhyme 'Fun in the Sun' with 'Transportation'."

By Golly, Rolly, Run and Shun DO rhyme.

The trouble with burning the candle at both ends is that it's difficult to keep your wife in the dark, the foregoing swiped from 'Empire.'

At the end of Fiestas
Seems appropriate
To speak of siestas.

If at first you don't succeed, try. That's my abbreviated version of the old axiom. I think it is just as effective.

INEZ ROBB:

Calypso Dancers

The rest of the world is prone to laugh at the general American itch for self-improvement. But this cultural yen is deeply embedded in the national psyche. Even on the most light-hearted vacation, it runs a virulent course.

I pondered upon this fact not long ago in a room above an open-air terrace where a dedicated group of Americans vacationing in Jamaica—chiefly middle-aged and over, and of all sizes and shapes—was flinging itself with rheumatic abandon into the hot rhythms of the cha-cha and the mambo.

LEADERSHIP was provided by a pair of dance instructors (they come in pairs these days, like shoes or dice) and the music by a calypso trio. And I had a feeling that these students would never be the same again, even with chiropractic help. It seemed problematic whether the times are out of joint, but these pupils were for sure!

(Apparently it is now de rigueur for every hotel to have a brace of resident dance instructors in the Latin-American pas de deux. I first noticed it at the Palm Beach Towers and then at a dozen inns along Miami Beach's Gold Coast.)

COME EVENTIDE and these students practice what they have learned in the daytime with an enthusiasm that calls for shinguards and caution on the part of any other dancers brave enough to get on the same floor with them.

And I have made another discovery, probably belatedly. There is no such thing as ballroom dancing since the advent of South American fandangoes. Everyone, perish forbid, is not a soloist and needs more room than Alicia Markova.

The best description of the Latin American gymnastics I have read so far is contained in the staid West Indian Review which says, "The young people love to vermiculate and convolute on the dance floor." I don't quite know what that means, but, honey, you can say it again!

Gisele Moves On

Bachelor Gal Gisele MacKenzie'll be giving up her pink kitchen in September and moving to Hollywood to star in her own TV show which Jack Benny got her after saying, "Don't wait till after the boat has sailed."

"I'm moving there because Mr. Benny'll be adviser on the show and I can't imagine Mr. Benny advising by phone," Gisele says. "I told them, 'Look I'm a woman. I don't want to be worried about details. Leave those to the men.'"

"SO," SMILED the Canadian-born beauty who just became an American citizen, "they'll plan everything and I'll just come in and learn my lines."

"I refuse to get ulcers!" she further declared. "I think it's ridiculous."

"To me a performer needs three things—patience, sense of humor and a strong stomach. I think I have all three. I love to cook, so I'd better have a strong stomach!"

"You'll probably be the youngest girl with her own show," I suggested. "There's Janis Paige."

"WHAT ABOUT Jeanne Carson?" she asked quickly. She was right. Jeanne's coming on 29. "I was 30 on Jan. 10 and it's frightening," Gisele assured me, probably thinking about marriage.

Shrugging off the thought, she said, "I've always thought it's terrible how mothers teach girls the whole idea is to get a man."

"My mother wanted me to play the violin. She said, 'Never worry about marriage. I'll probably marry late in life. I'm a Catholic and a couple times I nearly took the plunge. I know now that it wouldn't have been right.'"

"WHAT'LL BE your show's format?" I asked her. It's to be NBC's Saturday night pitch against Lawrence Welk.

"The format is more or less on format, a little on the lines of Mr. Benny's own show." She was having an omelet lunch at the Hampshire House. Her two long-haired dachshunds were whining for her in the checkroom.

"He doesn't want me to play the fiddle the first week."

"He doesn't want me to play the piano the first week."

"He doesn't want to be on the first week."

"IF HE WEREN'T" advising, I wouldn't be doing the show. But with his knowledge and capacity, I think I've got a good chance."

Actually, the show'll be produced by Jack's company, J & M Productions, all of which goes back to 1953 when she was appearing at the Las Vegas Sahara

Capitol Is Fight Winner

HOLLYWOOD — Have you noticed too that while Ed Sullivan and Steve Allen are locked in mortal television combat each Sunday night it's really Capitol Records that comes out the winner? Guest stars on both shows the last few weeks have featured enough disks on the Capitol label to stock a store!

Low Ayres, who was a musician before he ever thought of acting, wrote a dozen ballads, packaged them for specialized album treatment, and has almost every Hollywood diskery dickering to put his brain children on flat, black, lacquered wax.

HIGH O'BRIEN will sing both pops and Western tunes on his upcoming long-playing album for ABC-Paramount. Naturally "Wyatt Earp," title tune for Hugh's teleseries, will be included. . . .

CBSTV's Playhouse 90 will keep rolling right through the summer months with repeats of its filmed shows—which is fine & dandy, but WHY don't they replay the kinescopes of some of 90's GREAT live telecasts too—including Jack Palance's Emmy-winning "Requiem for a Heavyweight" and Eddie Cantor's "Sizeman and Son"?

First day of shooting on her everlovin' George Montgomery's new movie, "Black Patch," Dinah Shore donned a black eye patch, as did all the cast and crew, at her behest, and did he flip when he walked on the set and saw them! . . .

"When we got to San Francisco, my manager told him."

"I'll never forget it, Mr. Benny said, 'Come here, you little bum, and play for me!' Now his line is that he practices so much and I never practice, but that I play better than he does. He keeps forgetting that I graduated in the fiddle at the Royal Conservatory of Toronto."

GISELE'S DECISION to leave "The Hit Parade" was made a year ago.

"People decide you're in a rut and lose interest," she said. "Four years was enough. Besides, the songs have never been as bad as they are now."

"Now there are seven out of seven we don't like, but the song survey shows the rock 'n' roll and the calypsos are ahead. I've had people say to me, 'Oh, those terrible songs,' and I say, 'I can hardly do them myself.'"

"I think," Gisele concluded, "the kids have got to get sick of all that, but the horrible thing is that by the time they do, I will have left the show!"

THE WEEK-END WINDUP . . .

"DON'T PRINT THAT!" One of Hollywood's curliest stars wears falsies—on her too-flat hips. . . . A tycoon tried—and failed—to buy a newspaper so he could fire a reporter whose story displeased him.

Lee Cobb's toupee in "Twelve Angry Men" is the same one he wore in "Waterfront." (Cutting down the overhead?) . . . Pianist George Shearing cancelled his European tour—not enough loot—Joey Adams' funny book, "Cindy and I," is due April 24. . . . The Keenan Wynns and other H'wood stars were playing a quiet game of bingo, when Keenan said, "I ask you—would Confidential believe this?"

Judy Garland wants Sammy Davis Jr. to write her cafe act. . . . Buddy ("Party Doll") Knox, the rock 'n' roll hit singer, may be Army-bound soon. . . . Loretta Young's daughter, Judy Lewis, dated dancer Harold Lang. . . . Singer Al Hibbler wants \$10,000 to do one scene in Barbara Stanwyck's next film.

Desert Warned To Get Charter Representation

Members of the Coachella Valley Advisory Planning Committee were last night told of the dangers facing the desert area if they failed to insure substantial representation in the formation of a charter form of county government.

County Supervisors George Berkey and Paul Anderson urged CVAPC members to see that at least five capable freeholders are nominated from the desert region to provide an adequate voice for the area.

Both supervisors warned that the desert area would fair badly at the hands of freeholders who, being nominated and elected at large, might all be culled from the west end of the county.

Anderson and Berkey noted their opposition to the charter plan, but agreed that if it is what is desired by the county, they would work to make it as successful as possible.

However, they cautioned, the desert area faces the likelihood that its existence under a charter instead of general law may be "no better and possibly much worse."

New County Offices in Palm Desert Okehed

On recommendation by Administrative Officer Clay Begole, the county board of supervisors approved rental this week of office space in a building in the center of Palm Desert on the south side of Highway 111 as headquarters for the county building department.

Begole said the 625 square feet of space is sufficient to allow room also for the county planning department which is desirous of maintaining some services in the desert area. The rental fee is \$125 per month and the owner of the building is to pay all utilities including refrigeration and heating. The owner conducts his own air conditioning business in a portion of the building.

Building inspectors will work out of the new office serving Indio, Palm Springs, Rancho Mirage, Cathedral City and Desert Hot Springs areas. The offices now located in Cathedral City, Indio and Desert Hot Springs will be closed.

County Counsel was instructed by the supervisors to prepare a lease for the new offices effective July 1. Begole said the new quarters will cost the county \$33 per month more than the three existing offices, but is justified by added services and improved operation of the building department.

Road Extension To Be Studied

The supervisors referred to the planning commission and road department this week offers from Sol Lesser of Culver City, representing an unnamed property owner, and Leonhardt Swingle of Indio to donate to the county necessary rights of way for an extension of Burr Street from Avenue 44 to Avenue 45 as a means of access to Indio. Both property owners expressed willingness to contribute to the cost of grading and surfacing the road.

All three property owners expressed alarm at use of the canal right of way. "It is dangerous," said Swingle. "A blind curve and obstructed view entering Miles Avenue add to the danger."

More decorations for valor have been awarded, per man, to the submarine service than any other Navy branch.

Master Road Plan Asked by Highway Group

Envisioning 1,000,000 Riverside County residents in the next 15 years, the State Highway Department has requested a master plan of county road needs as of 1971.

The state has asked County Road Commissioner A. C. Keith to prepare an estimate of all county road needs, setting the deadline for Aug. 1. County Planning Director Tyler Suess reported.

Keith's office will plot requirements for local and county roads and highways, in a master plan showing 1971 estimations of land use, amount of traffic and the amount of highway lane miles in the county.

A large proportion of the estimate will deal with the desert area, which forecasters predict will treble its population in the 15-year period.

WAIF Has Successful First Year

Palm Springs chapter of WAIF has had a most successful first season in the Village with Mrs. William Malouf guiding the charity groups first year's work. Mrs. Malouf invited a group of the WAIF board to luncheon last week and announced the proceeds taken in from the Palm Springs first Annual WAIF Ball, which was held in the Tennis Club on March 9th, to be \$4,069.04.

Of this amount half remains in Palm Springs for disbursement by the Pathfinders group, organized for the purpose of helping needy children in the area.

Earlier in the season Mrs. Malouf and her group presented a tour of the "House of Tomorrow", designed and built by Joe Pawling. From this first project the WAIF group realized \$3,864. Of this a sizable amount was turned over to Pathfinders for local distribution to needy children.

A final meeting of this season is set for May 15 in the playhouse on Mrs. Malouf's property. The entire board is to assemble and plans will be laid for next season's first project, which is the Album. Each year the WAIF group in other sections of the country have prepared an Album of pictures of prominent persons and their families of the locality. Next year Palm Springs will have its first Album, or the Blue Book of the area as Mrs. Malouf has chosen to name this first publication. Many already have submitted their pictures or family groups.

At the mid-May meeting a master-list will be formulated and workers started on their project for next fall. Many choose to work on the Album during the summer months. Committee members and chairmen will be announced after the final meeting.

Family Gathers At Mountain Lodge on Easter

Rocky Hill Lodge, the idyllic home of Mrs. Frances R. Knox, longtime resident of Rancho Mirage, was the locale of an Easter weekend family gathering.

Traveling to the mountain resort were Mrs. Knox's son-in-law and daughter Mr. and Mrs. Robert E. Wagner and her grandson Kenneth of Rancho Mirage; granddaughter Valerie Anne Wagner and her guest Daniel T. Carthy, vacationing students from the University of California at Riverside; and son-in-law and daughter Mr. and Mrs. Vernon L. Williamson with their Donald and Robert of Santa Monica.

An unscheduled snowstorm contributed to the enjoyment of the sojourn and tobogganing was the order of the day after attending Easter services at the Idyllwild Community Church.

Bay Area Pair Married Here

Marjorie Eleanor Pearson, daughter of Mr. and Mrs. Arthur Pearson of Oakland, and niece of Mr. and Mrs. C. E. Glass of the Village, became the bride of Gordon Laurence Laverty in a ceremony performed by Dr. James H. Blackstone at the Palm Springs Community Church on April 20.

Following the exchange of vows, a family wedding dinner was held at The Springs.

The wedding party included Mrs. Willard Spencer, Miss Jean Louise Spencer, Mr. and Mrs. Arthur Pearson and Bruce R. Laverty.

The couple honeymooned at the Oasis Hotel, leaving Tuesday for Oakland, where they will make their home. The bridegroom is a civil engineer.

Over Easter weekend the Brummers had as their houseguests, their daughter and son-in-law, Mr. and Mrs. Harold Arfman and two children Susan and Craig from San Diego.

Copass' Guests Take Gifts to Mexican Mission

Easter week guests in the home of Mr. and Mrs. Jack Copass were Mr. and Mrs. Evan K. Shaw and their daughters Sandra, Melinda and Susie of Beverly Hills. The daughters are students at Marlborough. Shaw is president of "Poppytrail Pottery" Manufacturing Company of Manhattan Beach. Copass was his assistant and assistant general manager of the company before moving to Palm Springs.

After an enjoyable visit to the desert area, the Shaw family left for Guaymas, Sonora, Mexico, where they'll continue their vacation at Hotel Playa del Cortes. They took with them many boxes of clothing and Easter gifts for the Baptist Mission there, sent by the Copass family and the Junior department of the Palm Springs Community Church, directed by Mrs. Frank Little.

The Mission in Guaymas was organized by the Copasses four years ago and support established by their former church, the First Baptist in Downey.

Synthetics Take Natural Washing

NEW YORK 23.—Time was when the words "blue" and "Monday" almost automatically went together. But now, Monday is not necessarily either blue or a long wash-day for homemakers.

The chemical industry has changed all that with products, which if used properly, can reduce washday, the industry says, to an hour or so any day in the week. The experts say, first off, that most test-tube textiles can be washed in the machine just like other washables. Since better than 379-million pounds of man-made fibers were produced in the United States last year, it stands to reason that a good portion of the weekly wash will be made up of these materials.

The chemists give these laundry tips:

Wash synthetic materials frequently, but along with the other wash.

Cut down the length of time you let your washing machine run when washing man-made materials. Too long a washing means dirt gets re-distributed.

Stop the machine before the spin cycle, and lift out the synthetics which can drip dry. (It's the spinning and drawing out of the water that puts the wrinkles in the wrinkle resistant material.)

Use a little water softener in the final rinse. This does a two-way job, the experts say. It helps the rinsing and cuts down static on some of the synthetics.

To prevent sheets from catching and tearing on bed-springs, stick adhesive tape around the corners of the springs and wherever there are sharp projections.

CAUGHT BY THE CAMERA as they stroll in the grounds of Desert Air Hotel is a group of college students down for a desert vacation. They are, left to right, Tad Williamson of Claremont Men's College, Luki Styskal and Mardy Hicks, Marymount students, and Jack Thornton of UCLA. (Lee Wenzlick Photo).

NEW YORK — There are a number of sports about which you constantly hear suspicions that the "fix is in" and it pains young Stanley Dancer that harness racing is one of them.

If you are one of the 10,533,133 fans who bet an amazing \$534,557,847 on the trotters and pacers last year you may have heard those charges. You might even be one of those who made them when the favorite goes into a "break" or winds up from nowhere.

But Dancer, the third leading money winner last year, will hear none of it.

"I HAVE DRIVEN in 6,000 races in the past 10 years," says this handsome dark-haired reinsman from New Egypt, N. J., "and I can truthfully say I don't believe there has been anything 'wrong' in any of them. If there had been, I'm certain I would have heard about it or, at least, had a feeling about something being off color."

There is, he insists simply too much at stake in an era in which harness racing has become big business. The mauler can lose his license for life, or, if detected, gambling or cheating, can lose all his "owners."

As example, Dancer conducts what is known as a "public sta-

Cream of Nation's Golfers in \$30,000 Derby Tournament

By JOE S. DEISS
United Press Sports Writer
LOUISVILLE, Ky. — A star-studded international field of professional and amateur golfers got the jump on the ponies and the mint-julep set in Derbytown today as play began in the \$30,000 Kentucky Derby Open golf tournament at Seneca Golf Club.

The gallery should get some action for his money even without parmutual windows. The plot has all the ingredients.

The first "running" of the Derby Open features a local boy striving to make good before the home folks; a pro coming back after being off his feed all year; a crop of upstarts threatening to outshine the older journeymen; and a foreign giant nipping at the heels of the homebreds.

ABOUT 120 GOLFERS teed off in the first round of the 72-hole grind over the 6,500-yard Seneca course, which may become an artillery range for the tour's big guns. The hilly par 71 layout probably will be more of a test of stamina and long-hitting ability than precision shotmaking.

Much of the interest focused on Gay Brewer, Jr., who hails from nearby Lexington Ky., and hopes to make a good showing in his first pro appearance before the home crowd.

Brewer, who has been practicing at Seneca for two weeks, tapered off by posting a sizzling six-under-par 65 Monday.

Fullmer, however, planned a day of rest from his training grind at Tam O'Shanter County Club.

Many Indians Qualified for Swim Finals

Preliminary Events in CBL Meet Held at Redlands Univ.

Palm Springs High School swimmers qualified in many Varsity events for Friday night's Citrus Belt League tank finals in preliminary events Tuesday night in the Redlands University pool while the hoped for strength in the Bee and Cee divisions failed to materialize.

The Indians, however, qualified in all of the relays in all three divisions.

IN THE VARSITY competition, John Cunningham took the 50-yard free style and also qualified in diving.

Nelson de Jesus will be in both the 100 and 200 yard free style Friday night. David Self won the breast stroke event Tuesday night and Jim Greenfield qualified in the butterfly.

Don Burke will compete in the back stroke and individual medley and Luback in the 50-yard free style.

BOTH THE MEDLEY relay and four man relay teams qualified. In the first are Burke, Self, Greenfield and Gallierini and in the four-man, Self, Luback, de Jesus and Cunningham.

Finals were held in Bee division diving and Steve Karikas won this event to give Palm Springs an early start in Friday night's scoring. Steve Young was fifth.

The Indians will return to Redlands Friday night for the CBL swim finals.

answered is whether Gene Littler can keep it up. Littler, who had wandered in the desert of privation after three rich years, is playing his first tournament since breaking through all over again in the Tournament of Champions at Las Vegas, Nev., last week.

Besides Littler, the field includes the cream of the top 10 money winners on the circuit. Others are Doug Ford, Masters winner; "youngsters" Dew Finsterwald, Arnold Palmer, Art Wall Jr., Mike Souhak, Jay Hebert and Bill Casper; and "old-timers" Ed Furgol, Marty Furgol, Julius Boros, Chick Harbert and Jim Turnesa.

Lending an international flavor to the Derby brew are Stan Leonard and Al Balding, Canadian entries; Gary Pleyer and Trevor Wilkes, the two South African youngsters making the gold rush for the first time; Dave Thomas, a young British threat; and Roberto de Vicenzo, Argentine swinger.

Gomez, Rogers Clash Tonight in Providence Bout

PROVIDENCE, R.I. — Harold Gomez, New England featherweight champion from Providence, meets Bobby Rogers of Chicago tonight in this city's first national television fight.

Rogers, who has won 10 times and fought two draws in 14 professional starts, was a slight choice although he has had far less experience than Gomez. In New York, Gomez was a 13-10 favorite.

Gomez has been fighting professionally for six years and lost only three of his 35 previous bouts. Rogers, who dropped his only previous television fight to Carlos Ortiz, scored his most impressive triumph over Davey Moore of Springfield, Ohio. Moore recently whipped Gil Cadillac.

Sawyer was struck on the head by a line drive during practice prior to Tuesday night's Hollywood-Portland series opener. Indian Netters to Host Beaumont in Final Matches

By LINDSAY NIELSON
Coach Seamus Nunan's Palm Springs High School Indians host Beaumont High here this afternoon in the final tennis match of the season and tonight are expected to be the unbeaten Riverside County League champions for the third straight year.

The action will take place on the city courts and at two private clubs. Too matches will be at the Tennis Club where Frank Ripley, first singles man, and Waters and Fred Grimm, first doubles team, will play.

TO DATE the Warriors are undefeated and have taken all of their six previous matches losing only two games out of 54.

They are heavy favorites to sweep the matches with Beaumont today and go on to the California Interscholastic meet at Santa Ana undefeated in RCL competition.

COACH MOYA HENDERSON'S Girls Tennis team will also meet Beaumont today. The local girls are in second place in the League as of today.

As tradition goes, the coach and team members will be heaved in the cool waters of the Tennis Club pool after the games. Last year several spectators were caught in the jam and became unwilling participants of the dunking celebration.

IN TUESDAY'S GAME against the Orioles, the Boston infield handled 35 chances flawlessly. Backed up by this stout defense and Williams' hitting, Frank Sullivan easily posted his first victory of the season. The towering right-hander allowed only four hits, including a ninth inning homer by George Kell that saved the Orioles from a shutout.

While the Red Sox were protecting their errorless streak, the Chicago Cubs beat Milwaukee, 3-2, in 10 innings to drop the Braves into a first place tie with the idle Brooklyn Dodgers in the National League. Dick Littlefield, the third of four Chicago pitchers, picked up his first victory since being obtained from the New York Giants last week while Lew Burdette was the loser.

Herb Score pitched the Cleveland Indians to a four-hit, 5-0 triumph over the Chicago White Sox. The Tribe chased Billy Pierce in the third after piling up seven hits and a 3-0 lead. In avenging his opening day loss to Pierce and the White Sox, Score struck out seven and only walked two.

TED WILLIAMS BOOSTS HOPES OF RED SOX FANS

By TIM MORIARTY
United Press Sports Writer
It figures to be another long summer for Boston Red Sox fans, but at least they were able to rejoice today over Ted Williams' fast getaway and the surprising errorless ball being played by their heroes.

Williams hit his second homer of the new campaign Tuesday in leading the Red Sox to a 3-1 victory over the Baltimore Orioles. He also added a run-scoring single—the 2,200th hit of his major league career—to raise his batting average to .423.

However, equally important to all Boston rooters is that the Red Sox stand out as the only errorless team in the majors after the first eight days of the season. Last year they wound up at the bottom of the American League team fielding averages with 169 errors in 155 games.

IN TUESDAY'S GAME against the Orioles, the Boston infield handled 35 chances flawlessly. Backed up by this stout defense and Williams' hitting, Frank Sullivan easily posted his first victory of the season. The towering right-hander allowed only four hits, including a ninth inning homer by George Kell that saved the Orioles from a shutout.

New Players Called Out for First Practice

Four Teams Entered in Flag Race, Plans for Loop Completed

Action will start in the 1957 Campaign of Palm Springs Little Leaguers Saturday when boys who have not competed in Little League activity before, will take to the Polo Grounds for practice sessions. It was decided Monday night at the first meeting of the organization.

Culver Parker, retiring president of the league, presided in the absence of Herb Esbitt, newly-elected president.

FOUR TEAMS will fight it out for the local pennant this summer. They are Cameron Stars, Hathaway-Buick Braves, who won the flag last year, Boys' Club and the Junior Police, runners-up last year.

Perry Winstead, Little League regional director, who has 1300 teams under his jurisdiction, was the speaker of the evening.

Carl T. Rumbaugh, district director at Colton which has sent a Little League team to the National finals more than any other district, also spoke.

BESIDES ESBITT, president, other officers are John Herrera, commissioner and B. F. Cerney, treasurer.

A film, "This is Your Little League" was shown at the rally.

Howard Haddock, City Recreation Department superintendent, and Warren Linville were delegated to visit the schools to recruit boys, aged 8 to 12, for the Little League.

Next meeting of the group will be Monday, May 6.

Dick DeLong welcomed the group and praised the city for its cooperation in the Little League movement.

Burdette Wants Public Apology From Tebbetts

MILWAUKEE — Milwaukee Braves right-hander Lew Burdette, who was cleared of spitting charges by the National League president, today asked for a "public apology" from Cincinnati manager Birdie Tebbetts.

Burdette said he felt he was "unjustly and unfairly accused" by Tebbetts last week of being a "cheating spitter."

"I feel Tebbetts owes me, my wife, and children a public apology," Burdette said. "I've always been an honest pitcher and have never intentionally violated any rule in baseball."

When asked his reaction to Burdette's request for a public apology, Tebbetts said in St. Louis where his Redlegs were playing, "I have nothing to say," then walked away.

He then stopped and said, "no comment." As he walked forward from the group of reporters, he stopped again and said, "All I did was check on the rule itself. There was nothing personal about it."

National League President Warren Giles said studies made by him and league umpires had found Burdette innocent of any wrongdoing on the mound. "Rather, Giles said, Burdette was using smart psychology, not cheating in his delivery."

He said Burdette wets his fingers before throwing the ball, but that's legal as long as he dries them before the ball leaves his hand.

Favorites Lead Field in Annual North-South Play

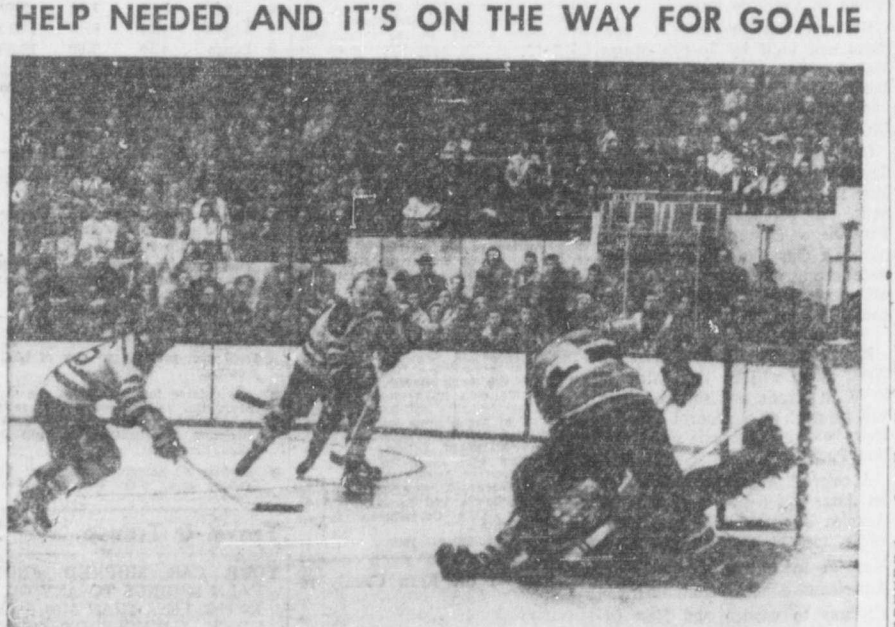

PINEHURST, N.C. — A trio of favorites, including defending champion Hillman Robbins Jr. of Memphis, Tenn., led the way into today's second round of the 57th annual North and South Amateur golf tournament.

The morning round over the 7,007 - yard championship No. 2 course here cut the field of 32 to 16 players for this afternoon's third match play round.

Robbins, who had to go 20 holes before downing Jacques Houdry of Philadelphia in Tuesday's first round, met Bill Thornton of Jupiter Beach, Fla., in the second round. Thornton defeated Terry Thomas of Rochester, N.Y., 3 and 2.

Hobart Manley Jr. of Savannah, Ga., another early favorite, met Edward M. Tutwiler of Charleston, W. Va. Dr. Bud Taylor of Pomona, Calif., the third favorite, took on Arthur A. Ruffing Jr. of Wilson, N.C.

Manley and Taylor chalked up fairly easy first-round wins.

TRYING TO WARD off a one-man assault by Jean Beliveau of the Montreal Canadiens, the Boston goalie, Don Simmons, tumbles out of position near the net, but help is on the way as two teammates come skating in. Simmons stopped the goal. Clubs were competing for Stanley Cup. (International)

This week's hearing on a petition to abandon the westerly 400 feet of Fourth Street in Cathedral City was continued at the request of the county planning commission to May 20 at 10 a. m.

WAS OUT SCOUTING AROUND THE OTHER DAY and came across
a real sleeper. This one has 100x150 lot with a nice large clean
POOL—It's a 3 bedroom beauty made from small blocks—Has
enclosed garage too—POOL is fenced for privacy—This owner is
a real Rip Van Winkle because he's just put in new wall to wall
carpets and is selling this place for only \$18,000—and you make
the terms.

ALSO FOUND A NEAR NEW 2 BEDROOM place with nice brick fire-
place, just off Indian Avenue. Has real good financing with a
\$11,100 1st Trust Deed payable for \$75 month including interest.
That's cheaper than rent. If you have the \$2250 down payment,
steal this for \$13,350.

LOTS OF HOUSES HAVE SOLD IN THE Deep Well area this past
month. We still have three nice ones left that should sell soon.
One is a 3 bedroom, 3 bath with large clean POOL—about 4 years
old—only \$34,500. The other is a 3 bedroom, 2 bath with POOL—
Only \$29,500 and then the other is a nice 3 bedroom, 2 bath with-
out a pool for \$28,500. Why not check these three values before
buying.

LISTED A TRIPLEX in the Warm Sands area that has a NEW POOL
just installed. The full price is so low that I'm afraid to print it
because you may think it would be just some old junk

Council to Recommend Changes In Proposed Land Equalization

City Council tonight is expected to adopt a resolution asking that certain provisions be added to proposed congressional bills on equalization of allotments of Agua Caliente Indian lands.

In the resolution which will be sent to Rex Lee, Legislative Associate Commissioner, Bureau of Indian Affairs, Department of Interior, the council will outline certain positions it would like to see included in the equalization program.

AMONG THESE are expected to be the council's preference of the Bureau Bill over the Tribal Council Bill, and the request that the lands shall be subject to the power of eminent domain in the Courts of California, and the United States of America shall not be a necessary party defendant in such proceedings.

The council will further ask that all corporate lands shall go on the county tax rolls five years after the date of enactment of the bill.

In this respect the taxes shall have priority over the equalization process remaining to be accomplished and payment to the Federal government for administration to allotted lands. That the actual expense to the Federal Government to advise and administer the allotted lands shall be made up out of corporate funds. The present provision is that the cost to the Government "may" be paid out of the corporate funds.

MEMBERS OF THE Bureau of Indian Affairs and local Tribal Council members are in Washington this week conferring on the equalization process.

Actually there are two bills before the Congress, one drawn by the Bureau and the other by the local Indians. Almost identical, the Bills differ in only a few places, but each is a proposed equalization process. Under discussion at this time, changes could conceivably be numerous after the conferences are completed.

ONE HALF OF THE proceeds from the Oki-lo-ha Campfire Girls sponsored Pet Show at the Cahulla School were turned over to the Palm Springs Animal Protective League, to aid with the building of a new animal shelter in Palm Springs. Mrs. Aileen Stephens, center, vice president of the League, received the donation for the Animal League, from Campfire girls Barbara Olivastro and Claudia Sanders. The other half of the funds was given to the Cahulla Parent-Teachers Association. The Animal Protective League has collected more than \$4,000 toward its goal of \$10,000. (Desert Sun Photo).

Retired Rear Admiral Is Named to Flood Control

Rear Admiral Benjamin O. Wells, 325 El Portal, was appointed zone commissioner for the County Flood Control District, by the County Board of Supervisors Monday.

He will fill the vacancy left by Willard R. Hillery of Cathedral City, who recently resigned due to ill health.

WELLS HAS BEEN a resident of Palm Springs for about a year and a half, and prior to that time

was director of security for the Atomic Energy Commission.

A graduate from the Naval Academy in 1917, he served for 10 years in the submarine service and as a line officer. During World War II he was a member of the staff of Admiral R. K. Turner, commanding the amphibious fleet in the Pacific.

HE RETIRED FROM the Navy in 1946, and went with the Atomic Energy Commission as director of security at Los Alamos. After a short time he went with the firm of Holmes and Narber of Los Angeles which builds and operates atomic testing grounds in the Pacific. He served as security officer for the firm for six years prior to his retirement in September, 1955.

Exact location of the course has not been decided, but it will be at the high school pool or at Rancho Mirage. Complete information may be obtained by calling Reynolds.

On the following Saturday, May 5, the second part of the course will be given by John Kraft, water safety instructor from Riverside office of the Red Cross.

Mosquitos can breed in any water that stands for four or five days.

DA Asks Full Explanation of Tuesday's Brawl

HOLLYWOOD — The District Attorney's office ordered full explanations today of a wild brawl involving fiery Peruvian singer Yma Sumac, her estranged husband and an assorted cast.

The brawl Tuesday was the second altercation in 16 hours resulting from strained relations between the South American beauty billed as the Inca Sun Goddess, and her musical-director spouse, Moises Vivanco, 38.

THE DISTRICT attorney ordered "in person" explanations from Miss Sumac; her husband; two hot-blooded Inca dancers; three private detectives and a male Peruvian harpist. The family's collie dog, Prince, had a barking - snapping role in the fracas.

The luxurious \$100,000 Cheviot Hills home of Miss Sumac and Vivanco, whom she sued for divorce only a week ago, fairly trembled from the piercing screams of Miss Sumac's celebrated five-octave voice during the face-slapping, hair-pulling, head-bumping, clothes-tearing free-for-all. Some blood was drawn and at least one 220-pound private detective hit the deck.

MISS SUMAC sported a black eye but was credited with uncorking some of the most resounding blows — five slaps across the face of one of her maids, Esmeralda Cevallos, 15.

Photographers and reporters who followed Miss Sumac to the palatial house scrambled to safety to witness the battle royal, which they described as "a whale of a battle" with "fur flying in all directions."

The brawl lasted some 20 minutes, with time out only for name-calling and breath-catching. It was broken up by a carload of police and district attorney's men summoned to the scene.

Greyhound Officials Hold Third Annual Golferama

Some eighty officials and wives of Greyhound Lines are attending the third annual Golferama, headquartered at the Rosemore hotel, with competitive play at O'Donnell and Tamarisk.

Increasing popularity of this event with the transit line's personnel is evidenced by the fact that the number of attendees is double that of the first year, with a similar increase predicted for next year's meeting.

Representatives of the company, coming from Texas, Arizona and all sections of California, include M. C. Frailey, vice president of Pacific Greyhound Lines.
